Sri Viswayogi Viswamjee Foundation
for
Universal Integration & Peace

UNITY IS OUR STRENGTH, HUMANITY IS OUR LIFE

AWAKE, ARISE AND UNITE FOR PEACE

UNITY IS OUR STRENGTH

HUMANITY IS OUR LIFE

ONE we are,
We are all ONE.
ONE Family, only ONE Family
We are all only ONE Family.

I, You, He, She, This and That and All,
We are all Universal Family.

Whatever the Religion may be
Whatever the Race may be,
Whatever the Nation may be,
Whatever the Language may be,

We are all Human Beings,
We are all Human Family.

Let us Unite in the Name of Humanity,
Let us Unite for Peace and Prosperity,
Let us Unite for Ourselves and for All,
Let us Unite for our Mother Earth and the Universe.

Unity makes us Strong and Peaceful,
Unity brings us Bliss and Prosperity.

If we Unite we can make Miracles,
If we Unite we can throw away Poverty,
If we Unite we can make the Earth a Heaven,
If we Unite we can bring the Lord to the Earth.

Unity is our Strength,
Humanity is our Life.

UNIVERSAL MESSAGE

To be born as a human being is in itself a sublime thing. It is a rare gift of providence which cannot be attained easily. So every human being should endeavor in the right direction to make his life purposeful. He must first make himself worthy of his human birth. One must strive hard to move forward in the path of spiritual evolution first by becoming a man perfect, then prudent and then a realized soul and finally identifying himself with the Supreme.

Perfection of manhood is itself the divinity. The Sanaatana Dharma (Universal Human Path and Eternal Code of Conduct for Humanity) aims at and provides for evolving man into perfect manhood. This dharma does not confine itself to either a region or a religion. It embraces the entire world. It is universal.

It is now the necessity to the present day world to follow the doctrine of this Sanaatana Dharma to attain universal brotherhood and bliss to the entire humanity.

It is this Sanaatana Dharma that has put forth the concept of viewing the whole world as a single family. It is this Sanaatana Dharma that has taught us to visualize God in every living being, it is this Dharma that has seen "Unity in Diversity". It is this Dharma that has enjoined to treat mother, father, teacher and guest as Gods.

This Sanaatana Dharma reforms individuals and their families. It transforms their homes as abodes of peace. And through such homes it converts the society at large as a heaven on earth, as a VAIKUNTHA (abode of Lord Vishnu) as an ANANDANILAYA (abode of divine bliss).

Now a days we are planning to reform the society ignoring Sanaatana Dharma, Individual and home. That is why we are meeting with failures in every sphere. Today the world has become a cauldron of unrest and unhappiness.

In the name of civilization with all its modernity, liberty with out check and curb, and with perverted intelligence we have been aiding the degradation of this world. This is a matter for concern.

First and foremost "the man" has to be reformed. "The Home" has to be refined. Then the society will take care of itself. A society filled with refined individuals and homes spreads the reassuring fragrance of peace and sheds the brilliant light of sublime bliss. It gives us a taste of universal brotherhood and excellence in humanity.

This is the will of all Gods. This is the ardent desire and message of all mystics. This alone is the hope, desire, aim and destiny of the entire humanity.

With blessings divine

Sri Viswayogi Viswamjee Foundation for Universal Integration & Peace (SVVFUIP)

Universal Integration Pillar, Viswanagar, India

Sri Viswayogi Viswamjee Foundation for Universal Integration and Peace (**SVVFUIP**), is a not-for-profit organization, started in the United States of America in conjunction with the Viswamanava Samaikyata Samsat (a non-profit organization) of India, founded by His Holiness Sri Sri Sri Viswayogi Viswamjee Maharaj.

Whatever the Religion may be, Whatever the Race may be, Whatever the Country of Origin may be, we are all firstly human beings. In order for getting Universal Integration and Peace - "Peace must begin from the individual". This is the main motto of the organization.

The primary goals for this organization were derived from those Viswamanava Samaikyata Samsat.

The main goals being:

- Bringing about Universal Integration & World Peace
- Satisfying the basic needs of individuals namely, Food, Clothing, Shelter, Education & Health.

Under the guidance of Sri Swamijee, the organization undertakes various projects to work towards satisfying these needs and making the individual, family and society peaceful, and thereby working towards making this world an abode of peace.

Bhagwan Sri Sri Sri Viswayogi Viswamjee Maharaj

Universal integration, peace, love, brotherhood, service to needy people and propagation of human values are some of the goals of Bhagwan Sri Sri Sri Viswayogi Viswamjee Maharaj who is an embodiment of divine love.

Sri Viswamjee appeals to the intellectuals to unite and use their knowledge for unity, peace and prosperity of the entire mankind.

He preaches that self discipline, self control, self satisfaction and self realization are the essential qualities that every person should develop to become a pious person. This is Sri Viswamjee's solemn aim. He vows to develop five-fold enlightenment in every human being namely :

- ***Self Confidence***
- ***Self Discipline***
- ***Self Control***
- ***Self Enlightenment***
- ***Self Sacrifice***

Truth, character, unity and purity are the four pillars of the universal human path, practicing which lead man on the divine path. Swamijee desires that all human beings should follow the universal human path by adhering to the four principles and reform themselves and consequently the society.

Swamijee wishes to reform the society establishing the true values of Sanaatana Dharma(universal human values) and His mission is to achieve this through self-reform. Family is the basic unit of the society and Mother & Child are the backbone of the family unit. Both of them are to be treated with care and respect for making a sound family unit and for building a healthy society.

Living for others is thus learnt by every person through the practice of these eternal values in everyday and everybody's life.

Swamijee's Vision of "Health for All by 2020"

Swamijee says, serving Humanity is serving God, Body is the temple and Heart is the altar of God, Good health is the best treasure, Prevention is better than cure. Along with spiritualism, Materialism is also important. So it is very necessary to keep the mind and body pure and healthy.

MEDICAL CAMPS IN VISWANAGAR

During these medical camps several committed Doctors along with specialists like dentists, ophthalmologists, cardiologists, pediatricians, gynecologists, orthopedics, Urologists attend to provide their free service for the patients. After the camp, follow up in required cases, x-rays, expensive medications etc are provided by Padmavathi Nursing home in Guntur. All the required medicines / glasses etc are provided totally free of cost along with free followups to all the patients.

As of October 2007, 28,800 patients were benefited in these camps which include 16,600 women and 12,200 men.

Cardiology: Nearly 450 patients are treated annually. Expensive medicines worth Rs. 40,000 are distributed free of cost to 35-40 patients every month. Patients are also financially benefited by getting their complete cardiac evaluation and surgeries done at CARE hospitals Hyderabad, under the able guidance of Dr. G. Surya Prakash.

Dental: Regular oral and dental check up for patients including necessary treatment like tooth extractions are provided. Patients are educated on the maintenance of oral and dental hygiene. Screening for oral cancer is also undertaken.

Eye(Ophthalmology): Regular eye exams are conducted on patients in the camps and free spectacles are distributed. Till date nearly 5,000 spectacles were distributed and 2,000 cataract surgeries are performed.

Gastroenteritis: Nearly 20-25 patients with gastrointestinal and liver ailments are treated during each health camp and given medicines worth Rs. 1,000 to each patient per month.

Obstetrics & Gynecology: Nearly 16,600 women and children have been treated so far. Besides free medications, necessary surgeries, deliveries and D&C's are performed at Guntur to the needy.

Pediatrics: Many children with various medical problems including malnutrition were treated in the camps and also provided medicines free of cost.

Besides the above mentioned services, General medicine, Orthopedics, Endocrinology, ENT, Urology are also provided.

Approximately Rs. 2.25 crores worth of medicines, spectacles and surgical services have been provided during the health camps so far conducted.

Swamijee's Vision of "Health for All by 2020"

VISWAYOGI INSTITUTE OF MEDICAL SCIENCES (VIMS)

With the objective of providing free medical help to a much larger section of the society the **Viswayogi Institute of Medical Sciences (VIMS)**, has been established. The primary objective of this institution is to provide world class medical services as well as to further the medical sciences research projects

. Following are some of the activities to be achieved under the VIMS umbrella:

- Mother and Child care hospital
- General out-patients clinics
- Emergency Care units
- Ambulance Services
- Research and Diagnostics Center

Mother & Child Care Hospital

Dr. Madhuri the blessed daughter of Smt. & Sri Akula Koteswara Rao of Viswamandiram, Guntur, conceived the idea of a hospital exclusively providing free health and medical care for children who are accorded a special place in our society since times immemorial. .

The dream of that blessed lady has materialized in the shape of VIMS– Mother & Child care hospital, as the first phas of this project, with the divine blessings of Swamiji. The VIMS-Mother and Child hospital has been started and formally got inaugurated by the former President of India Hon. Dr. APJ Abdul Kalam on April 4, 2008. Dr. Kalam has consented to be the Hon. Chairman of Viswayogi Institute of Medical Sciences, VIMS. Pleased with the devotional services for the progress of the medical camps and the Hospital His Holiness Bhagwan Sri Sri Sri Viswayogi Viswamjee Maharaj has appointed Dr. Madhuri Akula as the Chief Executive Director of VIMS.

Emergency Ambulance Services

Ambulance service has been formally inaugurated by the former President of India, Dr. APJ Abdul Kalam on April 4th 2008. This service is to help in the rural areas where due to lack of timely medical help and means of transporting the patients, people suffer a lot. Swamijee provided this facility to help the medical services in the rural areas near around Viswanagar.

Research & Diagnostic Center

Continuous ongoing medical education, research and development are important component of these services. As a part of this a herbal farm of 5 acres is planned close to the hospital which will facilitate indigenous research.

VIMS—Viswayoga center

This will be established to inculcate various yogic practices for health and spiritual advancement of an individual.

VIMS Mother & Child Care Hospital

Mother & Child Care Hospital, VIMS

Life begins in the mother's womb. The child in the mother's womb gets nutrition through the umbilical cord, develops there completely, before coming in to the world. The health of the child depends on the physical and mental health of the mother, before she is pregnant and also during the pregnancy. A happy mother can bring up happy and healthy children.

For this reason it is very important to provide medical facilities to mother and child as they are the basic building blocks of the society. It is necessary to educate the women about physical, mental and environmental hygiene, and also make them aware of the importance of good nutrition and good and healthy habits, in addition to lead a life abiding by the laws of nature. For this reason, Swamijee has willed that a Mother & Child care hospital be constructed as the first phase. The slogan for the hospital is "**Happy Mother, Healthy Child.**"

Facilities

- 36 bed hospital which will be expanded to 360 beds in the future.
- State of art equipment and operation theatre.
- Intensive care rooms.
- Labor rooms.
- Post labor care rooms.
- Separate vaccination wings in future.
- Pediatric wings in future.

Services

Obstetrics and Gynecology

- Pregnant women care including monthly checkups.
- Normal and Caesarean deliveries.
- Post delivery care and training the mother to feed and take proper care of the new born.
- Infertility treatment.

Pediatric Services

- Vaccination to the newborn and childhood immunizations.
- General health-checkups for newborn children and infants.

Outpatient Services

Medical camps will continue to be held every 3rd Sunday of the month for the benefit of everyone. These medical camps are being held for the past many years where medical facilities and follow up care is provided free of cost.

Other Planned Services

- Video conferencing and consultation with specialists in the future.
- Seminars and conferences and training programs for people in rural areas for health awareness

Social Service Activities in India

Community Service Projects

Financial Aid to Students in Rural Areas

On March 15th 2009, Swamijee presented all the students from SC-ST Residential Hostel (Guntur District, Andhra Pradesh - India) who are appearing in 10th board exams for the year 2009, with useful Examination Material Kits which contained Mathematical instruments, pen, pencil, eraser, writing pad, ruler, electronic calculator wrist watch, etc.

Mr. Akula Koteswara Rao, Convener, Viswamanava Samaikyata Samsat and Mr. Jagannadham Naidu were present on this occasion. Approximately 2000 students benefited from these kits.

Later after the results of the board exams were announced, on June 9th 2009 Swamiji presented scholarships to the students who fared well. The total prize money donated was 2 Lakhs, 89 thousand and about 141 needy students were benefited.

Police Surveillance Cameras

Police Dairy was unveiled and traffic signals were inaugurated at the collectors office junction by His Holiness Sri Sri Sri Viswayogi Viswamjee Maharaj on February 10th 2008 in Guntur, AP. Viswamanava Samaikyata Samsat has provided Rs 5 Lakhs economic aid for the traffic signals and Rs. 25 Lakhs for the surveillance cameras.

Ambulance donated to Police Department

A fully equipped emergence ambulance with the name VIMS ambulance was donated by Swamijee to the Police department and accepted by Sri. P. Chandrasekhar Reddy, Inspector General of Police, Guntur and has been in operation. This has been helping the police, patrolling the National Highway No. 5 to save the lives of people injured in accidents

Honor the Police

To honor the relentless service rendered by the Police department and also to educate the public of the great sacrifice that the police department does, Swamijee provided the police department with Uniforms on several occasions.

Assistance to Government Health Plan

The state government health plan, Arogyasri padakam, initiated by the Govt. of Andhra Pradesh and is primarily aimed at providing good health for the rural population of Andhra Pradesh - India. Swamijee to stress the importance of health for all, on behalf of Viswamanava Samaikyata Samsat, donated Rs. 5 lakhs, towards this program. He appreciated the Govt. officials and the Chief Minister in undertaking this program.

Rural Development Projects

Economic Aid to Villagers of Chamallamudi, AP, India

On Monday May 4th 2009 in a function held in Chammalamudi village, Andhra Pradesh – India, Viswamanava Samaikyata provided economic aid of Rs. 10,000 each to 76 families of the village of Chammalamudi, to help them in completing the construction of their homes.

District Collector, Guntur, Jt. Collector, SP and CEO of Zilla Parishat Guntur, and Sri Akula Koteswara Rao, Convenor, Viswamanava Samaikyata Samsat attended the function, and distributed individual cheques to each of the family.

Economic aid to Naadimpalem Residents

Viswamanava Samaikyata Samsat provided economic aid of Rs. 10,000 each to 136 families of Naadimpalem, to help them in completing the construction of their homes. In a function held in Naadimpalem on June 16th 2007, Swamijee handed over the money to the Chief Minister of Andhra Pradesh Dr. Y S Rajasekhara Reddy.

On another occasion on May 10th 2006, in Prathipaadu(near Viswanagar), Swamijee presented economic aid to provide housing facilities to 50 families in the rural area of Naadimpalem (near Viswanagar).

Renovation of Mastan Dargah (Mosque)

Viswamanava Samaikyata Samsat has provided financial aid for the renovation of Mastan Dargah – Mosque on Jan 23, 2007.

The organization has also donated Rs 5 Lakh on Thursday July 9th 2009 for renovation of the mosque and Rs 1Lakh 59 Thousand for Annadanam (feeding of poor) during Urusu (Chandanotsavam)

Construction and Inauguration of Church, Naadimpalem Village

Putting into practice the teachings of Swamijee that all religions are one and that there is only one God for everyone, the Viswamanava Samaikyata Samsat constructed a new church "Parisuddha Prarthana Mandiram" for the Telugu Baptist Association of Naadimpalem, Prathipadu district in Andhra Pradesh.

The newly constructed church was inaugurated by His Holiness Bhagwan Sri Sri Sri Viswayogi Viswamjee Maharaj on Sunday, February 19th 2006 at 10:45 AM. and handed over by Mr. Akula Koteswara Rao, Jt. Convenor, Viswamanava Samaikyata Samsat to Telugu Baptist Sangham, through Mr. Rayapati Sambasiva Rao MP, Guntur, and Mr. Venkatramana M.L.A, Prathipadu.

SVVFUIP Activities in USA

With his unconditional love and compassion, Swamijee has touched the hearts of all. He is welcomed everywhere he goes with love, respect and adoration. His messages simple for the common man to understand are His untiring efforts to bring about Universal Integration & Peace.

• Coming from India to America for me is just like coming from one room of a house to another. If you ask me which room I like the most, I will tell you that I like my house very much. This must be the view of each and every person on the earth.

• Compare the whole world to the human body. For the human body there is only one brain, one nervous system, one respiratory system and one blood circulating. There is only one heart controlling the body. If head is America, Heart is India. Heart beating is Divinity. Only if the brain and heart work together and in harmony, one meets with success, in true sense of the world.

• We are fighting over country, caste and religion, but we are neglecting mother earth and humanity. Mother earth is basis for all nations, and humanity is basis for all religions. On the basis humanity we have to unite all people on earth for Universal Integration and Peace.

• Indians living in the USA should treat India as their motherland, and at same time treat America as their adopted motherland. You should salute the flag of India and also the flag of America; you should respect and obey the constitution of India and America. You should try to bring India and America closer, and unite and work, to do something good for the world. Only such thought and action will bring about Universal Integration and World peace, which is a necessity for today's world.

Divine March for Universal Integration & Peace in the USA

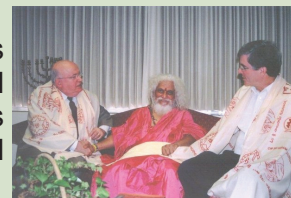

Swamijee says that it is very important for India and America to come close and work together if world peace has to be a reality. According to Swamijee, if you compare the world to the human body, then America is the head and India is the heart and for the body to function properly there should be cooperation and coordination between head and the heart.

Swamijee has undertaken his divine march for Universal Integration and peace from the year 2003 and has since been visiting the United States of America to touch each and every heart and bring the two countries closer. During this march Swamijee travels across the United States relentlessly covering more than 20 states and 100 cities, spreading the word of Universal Integration, Peace and Love.

Swamijee's Meeting with various organizations

As part of this march, Swamijee visited various governmental institutions, universities along with several other places of worship of all religious faiths to spread his message of Humanity, Love, Peace and Oneness of all Religions.

Some of the key organizations that Swamijee visited are:

- The US Institute of Peace
- United Nations Organization (UNO)
- The Mayors office of several cities
- The Human Relations Commission
- Parliament of World Religions
- Commissioner of Public Health (Chicago)
- National Institute of Health
- Peptide society Conference, Canada

Swamijee also attended and addressed several TV and Radio interviews along with press conferences.

Divine March - Road Trip 2007

As a part of the Divine March and to commemorate the completion of 5 years, in the year 2007, Swamijee undertook a Road trip in the United States of America covering the breadth of the country, to touch each and every heart and strengthen the land.

The Road trip started from Seattle - Washington and concluded in Washington DC. This road trip started on 1st September and ended on the 11th September with a function honoring delegates from the Institute of Peace as well as Intellectuals from several Organizations.

The states covered during this road trip are: Washington, Oregon, Idaho, Wyoming, Utah, Nebraska, Missouri, Illinois, Indiana, Ohio, Pennsylvania, Maryland, Virginia and Washington DC. There were several public functions that were organized at various cities and addressed by Swamijee during the road trip.

Meetings at United Nations Organization (UNO)

As part of the Divine march for Universal Integration and peace, Swamijee visited and addressed many United Nations Offices, some of them are:

World Youth Conference

The World Youth Conference took place on the 13th of August 2007. Swamijee addressed the youth of the world (youth representatives from over 70 different countries took part in this conference). The conference discussed the world issues on youth activities as well as what was being done by various youth ambassadors from different countries. Swamijee spoke for more than 30 minutes and inspired the youth ambassadors to unite and work for world peace.

Environmental Meeting

During the Road trip (on Sep 4, 2007) Swamijee visited the UNO to attend a meeting on the environmental issues and the Global warming. Swamijee in his address during this meeting strongly reiterated that unless Man stops polluting the environment with the intelligence given by the lord, natural calamities are bound to increase. He suggested that we should use the intelligence we have for construction and not destruction. He also stressed that the ratio between the 5 elements that make up this world (Soil, Water, Fire, Air and Space/Ether) which is what even the human being is made up off, should not be disturbed and that we should not try to dominate the nature at anytime.

World Intellectual Property Organization

Swamijee visited the World Intellectual Property Organization office of the United Nations on July 31st 2009. Swamijee emphasized on creating a world of responsible intellectuals. He claimed that a lot of problems including terrorism in the world are created by the perverted intelligence, with 9/11 incident being the most glaring example in recent times. He stressed that all intellectuals in the world must come together to create peace. Terrorism feeds on weakness and there is no better way to beat it than defeating it with the strength in unity.

Meeting at office of UN-Habitat

Swamijee emphasized the provision of these five basic needs for a stronger society. Only when these five basic needs are provided, a man will become stronger, which will then lead to a stronger family. A strong family will then create a strong society and a strong nation. Swamijee spoke the need for both mental as well as world peace. He said both human body, as well as the earth, are made up of five elements - soil, water, fire, air, and space. Whenever pollution rises, the delicate balance among the five elements is broken, causing natural calamities, hunger, stress, etc. to increase. He appealed to all those present in the meeting, to take care of the nature, the body, and the needy.

DIVINE VISION 2020

Swamijee has given His Divine Vision 2020 for Universal Integration & Peace and has said that the world will be peaceful by 2020 and the next 10 years are the turning point. According to Swamijee in the next 10 years we have to make everyone think about Universal Integration & Peace and the intellectuals all over the world should use the intellect given by God for the welfare of the society and work towards making this earth an abode of peace.

Universal Integration & Peace Award

In order to promote the concepts of Universal Integration and Peace amongst the general population, Viswamanava Samaikyata Samsat under the guidance of Swamijee decided to confer the “Universal Integration & Peace” award every year, on the Birthday of Swamijee which is also celebrated as Universal Integration & Peace Day. This award will be conferred on people who have done yeomen service to the society, country and the world and worked towards bringing peace.

As a first recipient of this award, on March 5th 2009, Retired General K. V. Krishna Rao (PVSM) was chosen for the outstanding service he rendered to the country and all the peace oriented activities he has carried out for the country on several occasions. As a part of this award, Gen. Krishna Rao was also presented a gold medal and conferred with the title “Man of Victory”.
